

Tipton Presolo Written Test Addendum

Please attach proof of completion of your SFRA exam.

1. Please define MVFR in terms of ceiling and visibility.

2. What ceiling and visibility limitations do you think are appropriate for a student pilot? Why?

3. In addition to your having the back of your student pilot certificate signed, what other endorsement must be signed in order to fly solo?

4. How long is this endorsement good for?

5. Please describe the type and location of endorsements required to fly cross country and their duration:

I understand that it is my responsibility to read, understand, and abide by the limitations, restrictions, and durations placed upon my solo and/or future sport pilot endorsements and that failure to do so is a violation of federal aviation regulations.

Signature and Date

Additional Airports:

1. What are the CTAF and AWOS frequencies at FME
2. What is the field elevation at FME? Is this AGL or MSL?
3. Please draw the runways and traffic patterns at FME.

4. On the back of this paper, please draw the VFR corridor in which FME is located. Be sure to include the ceiling height of the class B airspace and the location of the FRZ.
5. May you do touch-and-goes at FME?
6. While operating in the SFRA, when should you squawk 1200?
6. What will happen if you squawk 1200 in the SFRA
7. What is the FRZ and what will happen if you go there?
8. Please describe the SFRA procedures for doing traffic pattern work at FME
9. What is the phone number for getting your squawk code at FME?
10. May you take off from FME without a squawk code and get your squawk code on the radio once airborne?
